To City of Trinidad Trails Commission,

Thanks for your time.

On page 9.

Concerning Parker Creek Trail... "Note: no parking is available on Parker Creek Road."

Should be

"Note: no parking is available on Parker Creek Drive."

Then why do we have trail users parking on P.C.D! They should park on View Ave. POST A SIGN NOW! Page 9 states... minimize disturbance to neighbors.

Page 8. Old Wagon Road Trail states is only for daylight use only.

All the trails must be daylight use only!

Page 10. I see bicycles on all the trails all the time.

Page 11. Pandemics should be included in the reasons to close trails.

Page 17-18. **Signs should be bold and in your face!**

Enough of these um cy ya feel good subtle signs.

This morning while checking on a elephant seal I came across a hot campfire right at the base of the bluff on Old Home Beach.

On Parker Creek Trail there is one small sign that states a list of things not allowed in small letters, one is "no campfires"

Page 26. All trail work hours need to be logged.

Especially volunteer hours.

Maybe as a incentive for Trinidad residents give a small credit to the water bill in exchange for trail maintenance?

This is concerning the

My comment on Strawberry Rock...

On page 2

Why in the world would Trinidad be concerned with Strawberry Rock Trail at all. It is a ridicules waste of Trinidad staff time. Focus on what is in the City of Trinidad for crying out loud!

Strawberry Rock trail is across private land. Let the TLT come up with the funding AND MAINTAINANCE if they think it is so important.

Be greedy, Trinidad first!

Dear Trinidad leaders:

I would like to protest the installation of the heavy orange plastic fencing across the portion of the Van Wycke Trail below Julie Fulkerson's ex-house. Blocking the trail completely screws up our regular town loop walk with the dog.

The trail is in no worse shape now than it has been over the last couple of years, and I don't think the city has to protect us from ourselves. Posting it as closed/proceed at your own risk should be plenty to alert the unwary and limit the city's liability. At the very least, closing the trail so completely should be subject to public input.

At the request of our dog, Brenda and I urge you to remove the fencing and let us take our chances.

Thanks,
Ted
